EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE

The following is an Examiner's Statement of Reasons for Allowance: After very careful study of the claims of this application (as presently amended) in view of the **Petrov et al** and **Nabors et al** references, the Examiner agrees that the generation of narrow bandwidth picosecond laser pulsed radiation in **Petrov et al** is achieved by very different means than that claimed, and that the **Petrov et al** apparatus is, therefore, fundamentally different from that which is claimed herein. Applicant's response clearly and concisely explains these fundamental differences, and the Examiner fully concurs with such explanation. The **Nabors et al** reference, which was relied upon to further explain the operation of the **Petrov et al** device, does not disclose or suggest any changes which would overcome the fundamental differences between **Petrov et al** and the claimed invention. Original claims 1-30, along with newly presented claims 31 and 32, are thus allowable over these two references and all other prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning the merits of this communication should be directed to Examiner John D. Lee at telephone number (571) 272-2351. The Examiner's normal work schedule is Tuesday through Friday, 6:30 AM to 5:00 PM. Any inquiry of a general or clerical nature (i.e. a request for a missing form or paper, etc.) should be directed to the Technology Center 2800 receptionist at telephone number (571) 272-1562, to the
